

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

SEC. 11. If, upon a careful examination and comparison of the certificates of association, and the reports and statements of the special agents, appointed to ascertain whether the banking companies, authorized by this act, have complied with its provisions, it shall appear that any number of companies have been formed, and are lawfully entitled to commence the business of banking, provided the number of such companies, and the amount of their capital, collectively, in any district, shall not exceed the number and the amount of capital assigned to such district, nor in any county the number assigned to such county, the commissioners shall certify the same to the governor, who shall, if he be satisfied that the law has, in all respects, been complied with, issue his proclamation, setting forth that such companies are authorized to commence and carry on the business of banking, at the places severally designated in their certificates of association; but if the commissioners shall find that a number of banking companies shall have been formed, and shall have complied with all the requisitions of this act, preliminary to the commencement of the business of banking, in any district, greater than the number assigned to such district, then the commissioners shall determine which of such companies are to be preferred, and certify the same to the governor, as in this section provided; and, in forming such determination, they shall apply the following rules, in the order which they stand:

First: They shall avoid depriving any county, in which one or more of such companies are formed, of at least one.

commissioners, in determining to which a preference shall be given, shall observe the foregoing rules, excepting the first, in the order in which they stand. And if, after reducing the number of banking companies in any district to the number assigned to such district, it shall be found that such companies have, collectively, a greater amount of capital than the amount apportioned to such district, then the commissioners shall bring the aggregate capital within the prescribed limits, by reducing the capital which each company shall be authorized to employ, in equal ratio, on the amount thereof, over the minimum amount prescribed for such companies.

SEC. 12. After the end of two years from the date of this act, any banking company formed in any district may increase its capital stock to any amount not exceeding five hundred thousand dollars, nor exceeding the amount of capital assigned to such district, and remaining unappropriated; and in case more than one banking company shall apply for an increase of its capital stock, and the amount of the proposed increase shall exceed the whole amount of capital unappropriated in such district, then the commissioners shall assign such unappropriated capital, equally, to the companies demanding the same; but any new company, formed in any county having no banking company in the same, shall be preferred at any time before such capital is finally appropriated.

On the first hundred thousand dollars, or any lesser amount of its capital, not more than twice the amount of such capital.

On the second hundred thousand dollars, or part thereof, not more than once and a half of the amount of such capital, over one hundred thousand.

And so from time to time, as any branch may, by the paying in of an additional amount on its capital stock, or by not having received the amount of notes for circulation to which it was previously entitled, be authorized to demand an additional amount of notes for circulation, such branch shall deposit with the board of control ten per centum on the amount of notes so required, and the stocks and money so deposited shall be denominated the "safety fund," and shall be invested as hereinafter prescribed, and held by the board of control, as the property of said board, in trust for the benefit of the several branches of the State Bank of Ohio, and as a fund for the redemption of the

Sec. 25. The board of control, on receiving information that any branch of the State Bank of Ohio has committed an act of insolvency, shall forthwith appoint a committee of one or more of its members, who shall make immediate inquiry into the truth of such information, and report thereon to the board; and if the board shall be satisfied, from the report of the committee, that such branch has suspended the payment of its notes in gold and silver, they shall forthwith appoint a suitable receiver or receivers, who shall take immediate possession of the books, records, money, choses in action, and property of said branch of every description, and hold the same for the joint use and benefit of the other branches of the State Bank of Ohio, and the creditors of said failing branch; and said board of control shall immediately provide money, and place the same in such solvent branch or branches, as may be most convenient for the purpose of redeeming the notes of such failing branch, and shall give public notice thereof in some newspaper, printed in the place where such failing branch is located, and also in some newspaper of general circulation published at Columbus.

The board of control may be compelled, by holders of notes or creditors, upon application to the court, to comply with the provisions of preceding sections.

SEC. 29. If the board of control shall, in any case, fail to proceed in the manner prescribed in the foregoing sections of this act, and providing for the payment of the outstanding notes of circulation, and in closing the affairs of any branch that shall have committed an act of insolvency, the holder of any of its notes of circulation, or other creditor of such branch may, in case payment of such notes of circulation or other claim, has been refused when lawfully demanded, and remains unpaid, apply to any court of competent jurisdiction, for its writ, commanding the board of control so to proceed; and it shall be the duty of such court, after citing such board to appear and show cause why such writ should not issue, and upon the finding of a jury that such act of insolvency has been committed, to issue their writ, commanding said board of control forthwith to proceed, in the manner pointed out in the preceding sections of this act, to provide for the payment of the outstanding notes of such branch, close up its affairs, and make application of its assets.

SEC. 10. The secretary of state shall, during the first week in April, A. D., one thousand eight hundred and forty five, give notice in two newspapers printed in the city of Columbus, that sealed proposals will be received at his office, until the first Monday of June next thereafter, for the executing of the several branches of the state printing, in separate contracts, as hereinbefore specified, for the term of three years from and after the first day of July, A. SEC. 11. Each successful bidder for any branch of the public printing shall, within twenty days after the contract shall be adjudged to him, and after he shall have been notified thereof, enter into bonds to the state of Ohio, in the sum of five thousand dollars, with at least two sureties, to be approved by the secretary, auditor, and treasurer of state, or any two of them, conditioned for the faithful execution, pursuant to this act, of

And if any error shall be committed in executing any branch of the printing aforesaid, by which the sense or meaning may be altered, said examining officers shall deduct from the printer's account the amount of compensation to which he would have been entitled for the composition and presswork of the whole sheet in which such error shall be found, and also the value of all paper consumed in the printing of the sheet containing such error.

Williams, for and concerning the stocks or lands as aforesaid contracted or sold, as administrators, shall be as good and available in law to effect or pass the title thereto as though the same had been executed by the said M. T. Williams, in his lifetime; provided that before the said Hannah J. and Charles H. Williams shall contract or convey any of said stocks or lands, by virtue of this act, they shall give bond with sufficient security, to the satisfaction of two of the associate Judges of Hamilton county, and new bond and additional security may be ordered by said court when they shall from time to time deem requisite, conditioned for the faithful performance of the trust reposed in them by the provisions aforesaid, which bond shall be made payable to the county treasurer for the use and benefit of the creditors and heirs of said Williams, and shall be lodged with the county clerk.

SEC. 2. That in all cases where the said Micajah T. Williams was bound at the time of his death either in law or equity to make deeds to any person or persons for land sold during his lifetime, or otherwise, it shall be lawful, and the said Hannah J. and Charles H. Williams, as administrators, are hereby authorized to make and execute such deeds which shall be as good and effectual in law to pass the title thereto as if the same had been executed by said Williams in his lifetime.

tors, as aforesaid, be and they are hereby authorized and empowered to ask, demand and sue for, and recover, in the name and for the use, and at the proper costs and charges of the heirs of said intestate, all titles to land which the said heirs are or may be entitled to either in law or equity during the infancy of any of said heirs, by virtue of any contract or purchase made by the intestate.

SEC. 4. That said Hannah J. Williams or Charles H. Williams, administrators, as aforesaid, shall be, and hereby are authorized and empowered to sue for and collect all choses, and prosecute all rights of action in favor of the estate, and when deemed for the interest of said estate, to compromise any claims belonging to said estate, to receive payment in part or in whole therefor in other claims or choses in action or property of any description, or to sell or assign or manage the same as the interests of the estate may require, and the same shall be as valid and effectual in law as if done by the said Micajah T. Williams while living; provided that nothing in this act shall be taken to invalidate, or in any way affect the liens of any description which exist in or upon any of the assets real or personal of the estate of said intestate.

SEC. 5. That the said Hannah J. or Charles H. Williams, administrators, as aforesaid, be and are hereby authorized to make partition of all lands in behalf of said heirs and creditors, and for their use, with any person or persons with whom said heirs hold land in partnership, or as tenants in common, which partition if made with the consent of said administrators and the person or persons interested as partners or as tenants in common with said heirs, as aforesaid, shall be deemed as good and valid in law as if the same had been made by the intestate in his lifetime.

SEC. 6. In case of the death, resignation or removal of either of said administrators, the powers by this act conferred to them may be exercised by the survivor in said capacity, and in case of the death, resignation or removal of both, the same powers may be exercised by the administrator de bonis non, to be appointed.

Whereas, it has been represented to the general assembly of the State of Ohio, that certain persons associated themselves together, in the year one thousand eight hundred and thirty eight, by the name of the Mechanics and Traders' Bank, of Cincinnati, for the purpose of carrying on business in the city of Cincinnati, according to the articles of association, and that many persons are now indebted to said association, by bonds, bills, notes, and for money loaned; and that owing to the large number of the associates, and to the doubts which are entertained as to the right of said association to recover debts so due, whereby the said association is unable to meet its own obligations; and, whereas, said Mechanics and Traders' Bank has ceased to transact business, and for the purpose of winding up its affairs and liquidating its debts, has assigned its assets to William Lewis, as trustee, for the benefit of its creditors and stockholders:

SEC. 1. *Be it enacted by the General Assembly of the State of Ohio, That* William Lewis, of the city of Cincinnati, Trustee of the Mechanics and Traders' Bank of Cincinnati, be and he is hereby authorized, in his own name, as trustee as aforesaid, to commence and prosecute in any of the courts of this state, any and all necessary suits in law or in chancery, against any one and all persons, bodies politic or corporate, who now are indebted to the said Mechanics and Traders' Bank, by bond, bill, note or otherwise, and to recover in such suits the amount which may be found due and owing, and that suits may, in like manner, be prosecuted upon any notes, bonds or bills, and all parties thereto, which may have been payable or negotiated to said institution, or any authorized officer thereof, and also against all delinquent stockholders of said institution for the balance due on their subscriptions for stock in such company.

SEC. 2. That in case of the death of said William Lewis, or of his successor, or his removal from, or resignation to the said office of trustee, then, and in that case, suits may be commenced and prosecuted in like manner by any person who may be appointed trustee of said Mechanics and Traders' Bank, by the court of common pleas of Hamilton county, and which court, in any such event, is hereby authorized and empowered, from time to time, to appoint a new trustee in the place of said Lewis, or any person appointed to the office.

SEC. 3. That in case of the death of the said William Lewis, or any other trustee so appointed as aforesaid, after the commencement of any suit as aforesaid, before or after judgment, such suits so pending shall not abate, but the same shall be revived from time to time, by any court of this state, in which such suit may be pending, in the name of the substituted trustee, upon suggesting the fact of record, and upon proof exhibited of such appointment, and such suits and judgments so revived, may be prosecuted in the name of such substituted trustee until the debt is satisfied.

SEC. 4. That in all such suits, so to be prosecuted as aforesaid, it shall not be lawful for the defendant or defendants to plead, set up, or insist upon in defence, that the notes, bonds, bills or other written evidences of such indebtedness are void on account of their being contracts against, or

in violation of any statute law of this state, or on account of their being contrary to public policy; provided, however, that nothing in this act shall be construed as giving the sanction of the general assembly to the issuing of any evidences of debt, intended or calculated to circulate as money by any individual or company, not expressly authorized by law so to do, nor that such acts were in accordance with public policy.

Sec. 5. Any creditor of the said Mechanics and Traders' Bank, of Cincinnati, having judgment or decree against any stockholder of said company, obtained for a debt contracted by said company, may proceed against the debtors of said company to obtain satisfaction of his judgment or decree, in the same manner as he would be authorized to do, if he had the same judgment or decree against the said company; and any stockholder of such company, who shall pay or who has paid any debt or debts of such company, shall be entitled to have contribution from all other stockholders of such company for the amount so paid by him, in proportion to the amount of stock by them severally held.

AN ACT

For the relief of the creditors of the Granville Alexandrian Society, and to enable said society to collect and pay its debts.

Whereas, doubts exist whether the holders of notes and bills issued for circulation by the Granville Alexandrian Society, at Granville, in Licking county, have a right, in law, to coerce payment thereof by said Granville Alexandrian Society, for the reason that the act incorporating said society does not confer banking privileges, or the right to issue notes and bills for circulation; and, further, doubts exist whether said Granville Alexandrian Society hath, in law, a right to enforce the payment of demands and claims, contracted by third persons, to be paid to said Granville Alexandrian Society, or for its use, and equitably due to said society, arising in the course of banking business heretofore transacted by it, for the same reason above mentioned; therefore, to remove said doubts, and for the benefit and security of the creditors of said Granville Alexandrian Society, and to the end that the unsettled business of said society may be finally closed, on principles of equity and justice—

SEC. 1. *Be it enacted by the General Assembly of the State of Ohio*, That it shall and may be lawful for all persons holding notes or bills issued by said Granville Alexandrian Society, by suit at law, before any court of competent jurisdiction in this state, in behalf of said holders, as plaintiffs, against said Granville Alexandrian Society, in its corporate capacity, as defendant, to recover against said society the amount due in equity upon said notes and bills, and by process of execution, or other legal or equitable remedy, according to the usual and ordinary course of justice, to enforce payment of such recovery out of the assets, legal or equitable, of said Granville Alexandrian Society.

SEC. 2. That it shall and may be lawful for the said Granville Alexandrian Society, in its corporate name, and for its use, in the name of any person or persons in whom the legal title may be vested, as plaintiff, by suit at law or bill in equity, according to the nature of the subject matter, to enforce payment, according to the usual course of justice, of any claim or demand, in law or equity, of the amount due or owing thereon, in equity, from any person or persons to said society, arising upon any contract or transaction with said society, whether the same related to, or grew out of, a banking transaction of said society, or otherwise, howsoever.

SEC. 3. That nothing in this act contained shall be construed, in any court of justice, as to confer upon said Granville Alexandrian Society banking powers or privileges, at any time after the passage of this act, or, as a legislative recognition of the existence of such powers or privileges, at any time before the passage of this act, or change the mode of proceedings in any suit now pending, to which the said society is a party; and in any decree to be rendered in any case wherein the Granville Alexandrian Society is a party, by itself or with any of its debtors, whether to cancel securities, or subject the assets of said society to the payment of creditors, no such security or assets shall be held invalid by reason of any provision, in any of the laws of this state, in relation to unauthorized banking or bankers; provided, also, that if said Granville Alexandrian Society shall, by virtue of the provisions of this act, avail itself of the right to enforce payment of any

demand now due to said society, said society, by reason thereof, shall be deemed to have surrendered any and all rights, or pretence of rights, it otherwise might have, in any way or manner, to exercise banking powers or privileges.

SEC. 4. That nothing in this act contained shall operate as a bar to any legal right, if any such right now exists in law, on behalf of any holder of any such notes or bills of said society, issued for circulation as aforesaid, to prosecute to final judgment or execution any suit, or suits at law, against any of the stockholders of said society; but in case of a recovery in any such suit, and payment thereof, by any stockholder or stockholders, he or they so paying shall, in equity, be entitled to have an action against such society for money paid for the use of said society, for the amount so paid; and the legal and equitable assets of said society, after all other creditors, besides the stockholders thereof shall be fully paid, shall be liable for the payment of the claim of such stockholder or stockholders for the amount by him or them so paid for such society; and the stockholder or stockholders paying, as aforesaid, shall also be entitled to have contribution from all other stockholders, in proportion to the amount of stock by them severally held, for the amount so paid; provided, however, that nothing herein contained shall be construed as declaratory of a liability, on the part of the stockholders, to respond in actions against them, or any of them, in their individual capacity, to the payment of the debts of said society, or to the contrary, it being the intent of this act to leave all questions touching the individual liability of said stockholders as the same existed before the passage of this act.

Speaker of the Senate.

AN ACT

To divorce Sarah Burch from her husband, Squire Burch.

Whereas, Sarah Burch, of Nile, in the county of Scioto, whose maiden name was Sarah Hall, was, in January one thousand eight hundred and thirty two, married to one Squire Burch, who in a short time after the marriage, forsook her and left her in a state of utter destitution, without any fault of hers; and, whereas, after the expiration of more than three years from the time of his desertion, was publicly married to one Henry Hutton, in said Niles, who has since deceased, leaving property and one child, the issue of the last marriage; and, whereas, it is satisfactorily shown that in the second marriage the said Sarah, and her friends, erroneously, but honestly, understood that the willful absence of her husband for three years discharged her from her marriage contract with him, and that she has at all times sustained a good reputation; and, whereas, it is represented that the heirs at law of said Henry Hutton, are willing that said child shall hold and possess the property left by said Hutton if said child can legally take the name of its father; and, whereas, by the rules of the judicial courts, wisely adopted for their regulation, the said Sarah having entered into a second marriage contract, the first subsisting, has no remedy in the courts; therefore—

SEC. 1. *Be it enacted by the General Assembly of the State of Ohio*, That the marriage contract heretofore existing between said Sarah Burch, and her husband, Squire Burch, is dissolved, and the said Sarah shall hereafter be known by the name of Sarah Hutton.

SEC. 2. PREAMBLE AND RESOLUTIONS

Relative to the Annexation of Texas.

Whereas, it is believed that the president of the United States, with a majority of his cabinet and confidential advisers, many members of both branches of the congress of the United States, the president and vice president elect, the Government of the Republic of Texas, the holders of many millions of Texan stocks, and the owners of many millions of acres of Texan lands, and a large proportion of the dealers in slaves in the United States and Texas, together with those citizens of the United States who desire the extension and perpetuation of slavery, are in favor of the immediate annexation of Texas to the United States of America, and are exerting their influence to effect that object; and, whereas, the constitution of the United States has made no provisions for incorporating foreign nations into our Union; and, whereas, Texas is engaged in a war with Mexico, is largely in debt, and offers no adequate indemnity for our assumption to pay it; and, whereas, the great social, political and moral evil of slavery is restored in Texas by her constitution, and is tolerated and legalized there with no power in the government to abolish it; therefore—

Resolved, by the General Assembly of the State of Ohio, That we do solemnly and earnestly protest against any proceeding of the government of the United States, or any branch or department thereof, having for its object the annexation of Texas to the United States—because, first, such proceeding would be unconstitutional—second, because it would involve our country in a war with Mexico, without just cause—third, because it would make our country liable for the debts of Texas, without any sufficient indemnity—fourth, because it would involve us in the guilt, and subject our country to the reproach of cherishing, sustaining and perpetuating the evils of slavery—fifth, because an union between the United States and Texas, with the guaranty, or understanding, that the whole or any part of the territory of Texas shall be formed into a state or states where slavery shall be permitted to exist, and where slaves shall be counted in determining the relative weight of such states in the councils of the Federal Union, would still farther extend the undue advantage which the citizens of the slaveholding states have over those of the states in which slavery is not permitted.

Resolved, That our senators in Congress be instructed, and our representatives requested to conform to the foregoing resolution, and to use their utmost endeavors to prevent the annexation of Texas to the United States.

And, be it further resolved, That the governor be requested to transmit to each of our Senators and Representatives in congress, and to the governors of the several states of this Union, a copy of the foregoing preamble and resolutions.

Whereas, a most horrid and brutal murder has been recently committed at Bourneville, in Ross county, by robbers and burglars, upon the person of the late Frederick Edwards, an aged and most respectable citizen of said county; and, whereas, from the confession of some of those engaged in said murder it is understood that one H. PREAMBLE AND RESOLUTIONS

Rescinding certain resolutions of censure on the Hon. John Quincy Adams, passed by the fortieth General Assembly.

Whereas, at the first session of the fortieth General Assembly of the state of Ohio, the following preamble and resolutions were passed and entered on the journals of said assembly, which preamble and resolutions are in the words following, to wit: "Whereas, the father of this country, in his farewell address to his countrymen, has wisely admonished them that it is of infinite moment that they should properly estimate the immense value of their National Union, to their collective and individual happiness, that they shall cherish a cordial, habitual and immoveable attachment to it, accustoming themselves to think and speak of it as of the palladium of their political liberty and prosperity, watching for its preservation with jealous anxiety, discountenancing whatever may suggest even a suspicion that it can in any event be abandoned, and indignantly frowning upon the first dawning of every attempt to alienate any portion of our country from the rest, or to enfeeble the sacred ties which link together their various parts; and, whereas, the people, as one man, believe that time and experience have but confirmed the wisdom of his forecast and the abiding truth of these sentiments; and, whereas, it has been communicated to this general assembly, that John Quincy Adams, late chief magistrate of this Union, and now a Representative in Congress from the state of Massachusetts, has presented to the House of Representatives of the United States a petition, from American citizens, praying that congress may dissolve this confederacy; therefore, *Resolved, by the General Assembly of the State of Ohio*, That John Quincy Adams, of Massachusetts, in aiding to give publicity and importance to the treasonable proposition, has subjected himself to the merited censure and reprehension of his countrymen: *Resolved*, That, in the opinion of this general assembly, the House of Representatives of the United States owe it to themselves, to the American people, whose representatives and legislative organ they are, to stamp the course and conduct of the member from Massachusetts with the severest mark of its indignant disapprobation and censure;" and,

Whereas, in the opinion of this general assembly, the sentiments of the father of his country, as set forth in his farewell address, are just, patriotic, and worthy to be cherished by every citizen of our confederacy, yet said resolutions are unjust, unwarranted by the facts on which they purport to be predicated, and calculated to cast undeserved reproach upon the character of a venerable statesman and patriot; and, whereas, John Quincy Adams, by a long life of laborious public service, by his statesmanship, ability and devotion to the interests of his country, in all the various public trusts and stations, which he has filled, and by his long, and, at length, successful defence of the rights of the people to petition and be heard, has entitled himself to the lasting gratitude of his countrymen; therefore, be it

Resolved, by the General Assembly of the State of Ohio, That the resolutions, so passed by the fortieth General Assembly, in reference to the said John Quincy Adams, be and the same are hereby rescinded.

Resolved, That the governor be requested to forward copies of this preamble and resolutions to such of the Representatives in Congress from this state, as he may think proper, with a request that they be laid before the House of Representatives.

RESOLUTION

Relative to the adjustment of the claim of James Purdy.

Resolved, by the General Assembly of the State of Ohio, That the Board of Public Works are authorized to negotiate and purchase, of James Purdy, the right to which he may be entitled, as riparian proprietor, to the water which the state may want, flowing in the Miami River at the Grand Rapids, over and above what she may need for the purposes of the improvement of navigation by her public canals; and in case the said Purdy shall desire to receive the price agreed on, in whole or in part, in the surplus water of said river, the Board shall construct a sidecut from the pool above the state dam sufficiently large for the purposes of navigation and to carry the water to the mills of said Purdy, with a suitable guard lock therein, which sidecut shall be under charge of the Board of Public Works, and subject to reasonable tolls. And in fixing the price to be paid for the water to be purchased, the benefit and saving to the said Purdy, and the increased value of his property by reason of the building and support by the state of the state dam and the said sidecut, over and above his condition before the said state dam was erected, shall be taken into consideration, and in payment of the price agreed on by said Purdy; and the Board may sell to said Purdy, to be taken through such sidecut, so much water as shall be agreed on, so that there shall at all times remain to the state water enough for her purposes

of navigation, and to supply the hydraulic power, which she shall have rented; and any balance due to said Purdy, by said agreement, shall be paid as damages to others are paid by existing laws for injuries occasioned by construction of the public works.

Resolved, further, That in case the said Board and said Purdy cannot agree as to the price to be paid to him, or upon the quantity and value of the water to be given therefor, on application, in writing by said Purdy, the Auditor, Secretary and Treasurer of state, or a majority of them, shall appoint three judicious, disinterested persons, who, after giving ten days notice to said Purdy, and to said Board, by letter, through the public mail, or by personal notice, shall make appraisement of the value of his right in said water, and determine the value and quantity of water to be transferred to him therefor according to the provisions of the first resolution above, subject to the determination of the board as to the quantity of water actually to be transferred to said Purdy, so that any balance due him shall be paid as provided in the first resolution.

Resolved, That, upon the agreement between the parties being consummated, either amicably or by appraisal, the said Purdy shall execute a conveyance in fee, in the same manner as by law deeds of lands are made, of his interest in the water so purchased of him, and the Board shall execute to him a lease, or other conveyance in fee, of the quantity of water to be conveyed to him free of rent, in their usual form of lease or conveyance. And if the said Purdy shall suppose that he has a legal claim to compensation from the state for the obstruction of water from the river necessary for the purposes of navigation in her canal, the right to apply to the supreme court for the settlement of the question of the legality of such claim, in manner as is provided by resolution of this session for certain claimants on the Miami River, shall remain unimpaired to said Purdy.

PREAMBLE AND RESOLUTIONS

Relative to discriminating tolls upon the New York Canals.

Whereas, attempts are now making by persons residing at Buffalo and Rochester, in the State of New York, to induce the general assembly of the State of New York to impose greater tolls on merchandise and produce belonging to the citizens of Ohio and other western states, which pass on the canals of the State of New York, between Oswego, on Lake Ontario, and Albany, than are or shall be imposed on goods and produce belonging to the citizens of the State of New York, passing over the same route: therefore, be it

Resolved, by the General Assembly of the State of Ohio, That the imposition of greater tolls on property belonging to citizens of other states, than are chargeable on property belonging to the citizens of the State of New York, is a measure not only grossly unjust and inequitable, and one which will have the tendency to drive the trade of Ohio into other channels, but it is also one which, if adopted, will warrant the State of Ohio in imposing higher charges on property coming from the State of New York, than from elsewhere, and that it will be the duty of this state to take measures to protect the interests of her own citizens from this unjust aggression.

Resolved, That the governor be requested, forthwith, to forward two copies of this resolution to the governor of the State of New York, to be laid before the two branches of the general assembly of that state.

PREAMBLE AND RESOLUTIONS

Declaratory of the right of Riparian Proprietors on navigable rivers, under the Ordinance of 1787,
and of the mode of redress for injuries thereto

Whereas, doubts have been entertained whether riparian proprietors, on the navigable rivers of the state, are, in good faith, entitled to remuneration from the state on account of the deterioration of the value of their investments in hydraulic purposes on such rivers; to settle such doubts, and as a rule to guide the board of public works and their appraisers in such cases, be it

Resolved, by the General Assembly of the State of Ohio, That owners of lands on the banks of any river of the class described in the above preamble, who have erected dams across such rivers, and upon which dams for hydraulic purposes have been authorized by law, who have sustained damage to capital by them employed on such lands for hydraulic purposes, by reason of the abstraction of water from such river, by authority of law, in the construction or repair of any of such public works of this state, or by backwater, by the same authority, caused by the construction or repair of any such public works, are entitled to compensation from the state for such damage so far as such capital, by them so invested, is made of less value thereby.

Resolved, further, If any riparian proprietor, on such river, shall claim damages from the state for loss of any supposed interest in, or to the use of the water of such river by abstraction of the water therefrom, by authority of law, as aforesaid, he may apply to the supreme court, when in session in any county, for a writ of mandamus, directed to the board of public works, which may be served on them or any member of said board, and shall be returnable to the next term of the supreme court in bank, commanding them, if the said board, by themselves or counsel, shall not show good cause to the contrary, to assess any damages which such riparian proprietor may have sustained for loss of any supposed interest in, or to the use of the water of such river over and above his loss on the capital by him invested on his lands on such river for hydraulic purposes.

Resolved, further, If the court in bank shall determine in favor of such proprietor, then said court shall order said board to proceed and assess such damages under the provisions of the act providing for the internal improvement of the state of Ohio, by navigable canals, passed February fourth, one thousand eight hundred and twenty five.

Resolved, further, That the said court shall entertain but one such application, and the governor shall be authorized to employ counsel to defend the rights of the state in such suit.

THREE PER CENT. FUND.

Balance in Treasury, Nov. 15, 1843 \$195 64 2

The foregoing statements exhibit to you, in detail, the condition of the revenue for State purposes, during the last fiscal year.

The balance in the Treasury on the 15th November, 1844, it will be seen, is \$132,822 17 4
The balance Nov. 15, 1843, was 94,807 90 1

Difference in favor of 1844..... 38,014 27 3

The balance of State common school fund in the Treasury, Nov. 15, 1843 \$40,132 47 2
Same 15th Nov., 1844 35,733 16 2

Decrease in 1844 4,399 31 0

The debt of twenty three thousand one hundred forty three dollars sixty three cents, of this fund to the general revenue, still exists. Should you deem it expedient, the transfer can now safely be made, as the revenues of the School fund are sufficient to keep it good.

The amount received from the Warden of the Penitentiary, during the year, is ten thousand nine hundred eighteen dollars seventy one cents. In addition to this, he was required, by resolution of the last General Assembly, to pay the costs of conviction and execution of the two criminals convicted of murder, amounting to about two thousand dollars.

The amount paid, the past year, for the conviction and transportation of convicts, is \$14,016 13
The amount paid in 1843, was 11,573 59

Increase in 1844..... 2,442 54

The amount of bills redeemed at the Treasury, during the year 1844, is \$194,373 75
The amount for 1843, was 189,779 74

Increase in 1844..... 4,594 01

The amount paid into the Treasury during the years 1843 and 1844, from the sale and redemption of lands forfeited to the State for taxes, was twenty five thousand two hundred twelve dollars fifty cents. The larger portion of this belonged to the Canal fund, but, as the taxation in many cases ran through a number of years, with different rates of assessment, and, in the great majority of cases, those

years, with the tax for each, not designated by the county officers, it was impossible to make an apportionment. The revenue being full, I accordingly transferred the whole amount to the Canal fund. The transfer is of the ordinary kind, and has been made permanent.

The depreciated funds in the Treasury have been reduced two thousand five hundred six dollars fifty four cents, during the past year, by the payment of the certificate held against the Bank of Cleveland. No other collections have been made.

The last General Assembly made an appropriation of one thousand dollars for repairs to State house and public offices. This has been expended in putting a new roof upon the State house, and repairing the cupola. The roofing upon the public offices has been completed. A new outbuilding has been erected; and a room added to each of the offices of the Treasurer and Auditor of State, which had become indispensable, from the increase of the public business. In addition to these, some repairs have been made to the fences, &c., on the public grounds. The appropriation, it will be observed, has been overdrawn \$7 30, and there are some small bills unpaid, amounting to something less than one hundred dollars. In appropriating this, I would respectfully suggest the propriety of adding to it a sufficient amount to renew the fence enclosing the space immediately in the rear of the State house and offices. Unless this be done, the ground will very soon become an open common. The amount required for this purpose, will not, probably, exceed one hundred and fifty dollars.

The Three per cent. fund stands as reported last year. During the last spring, I visited Washington City, on my return from New York, in order to procure, if practicable, a final adjustment of the accounts, in this fund, between the State and General government. This I found a matter of utter impracticability. The accounts for the fund accruing on the sales at the Cincinnati Land Office, are still unadjusted, as between the States of Ohio and Indiana, and their final settlement must be a work of great labor.

There is, in the U. S. Treasury, a small amount to our credit, but probably, not more than sufficient to cover our overdraft on the fund heretofore, which, accruing at the Cincinnati Land Office, was apportioned to this State, but, in reality, belonged to the State of Indiana. The old claim for deductions made in 1824, as expenses for the surveys of the lands, was again pressed upon the consideration of the Treasury Department; but there are so many obstacles in the way, growing out of the mode in which the accounts have been kept, and the destruction of other papers by the burning of the Treasury Department, that I fear the claim, though undoubtedly just in its character, cannot be presented and sustained in such a manner as to insure its payment.

In all matters connected with the State revenues, our financial system, during the past year, has gone forward with great regularity; and, in the matter of details, I have no suggestions to offer, or amendments to propose. I cannot, however, consider my duty fully discharged, without again calling to your attention, and pressing upon

your consideration, two matters of importance, connected with, and, indeed, forming the basis of the whole system itself. I allude, first, to the adoption of the principle of a cash valuation, as the basis of taxation; and, secondly, to a thorough change in the laws for the sale of lands delinquent or forfeited for taxes, so as to render them efficient in their character. In all my former reports I have alluded to these points; but, more particularly in my last, I took occasion to present my views upon them at some length. I have nothing to add, on this occasion, to former arguments. As a matter of justice to the taxpayers of the State, this change in our financial policy is, in my opinion, one of great importance, whilst, to the finances of the State, it must, very soon, become one of stern necessity.

Owing to the great labor of making the payments last year, on the public works, to which I alluded in my last report, my own and the treasurer's reports, were both made from balance sheets, and before the labor of closing up the books was completed. The consequence was, that notwithstanding the great care that was taken, there were three errors in the balances remaining in the hands of the disbursing agent, viz:

Wabash and Erie Canal, reported \$6,878 57 corrected \$6,868 57	
Western Reserve and Maumee Road,	
reported..... 3,981 18 do. 4,381 18	
Hocking Canal, reported.... 25,059 34 do. 25,059 70	

The books of both offices are correctly made up, and the true amounts of balances shown in both the reports of the present year.

A comparison of the statements of the canal fund in the foregoing report, with those of last year, shows that there has been an increase this year, in the revenue of the—

There was a heavy breach, during the season, upon the Indiana branch of the Wabash and Erie Canal, which had a very material influence upon that part of the work lying in this State. The revenues of the canal are, however, steadily increasing, and will form, this year, an important branch of the canal fund.

The Miami Extension Canal is not yet completed, but it is understood that it will be ready for the opening of spring navigation. This work may possibly slightly impair the revenues of the Ohio Canal, but in the aggregate, the tolls must be very considerably increased.

The last General Assembly fixed the taxation for State purposes, at one mill on the dollar, being a reduction of one-half mill from 1843. Under the provisions of the acts of 1825 and 1837, I added this one-half mill to the canal tax of 1844, making the levy five and one-half mills and leaving the aggregate the same, seven mills, on the dollar. This will increase the canal revenue of the current year, say sixty thousand dollars, which, together with the tolls on the Miami Extension Canal, will leave the interest fund with a surplus. It would, however, be wise policy to maintain a surplus of that fund for at least two years, in order to relieve it from all contingency of embarrassment, and reinstate the sinking fund.

The decrease in the turnpike and canal dividends does not militate against the works themselves. The amount last year, was rendered large by the payment of some back dividends, which had been under protest, and otherwise in suspense. More than the whole amount of the decrease this year, has been in the dividend on the Pennsylvania and Ohio Canal, showing an increase in those of the turnpike roads, even over last year's payments.

Settlements have been completed during the year, and payments made in Ohio domestic stock, under the act of 1843, to the following turnpike companies:

Zanesville and Maysville	\$16,634 03
Dayton Western.....	17,035 11
Ripley and Hillsborough	6,567 99
And there has been redeemed in like manner, outstanding warrants, viz: ●	
Zanesville and Maysville.....	6,419 81
Portsmouth and Columbus.....	928 28
Dayton Western.....	542 50
<hr/>	
Making a total of	<u>\$48,127 72</u>

The settlements are all, I believe, completed, with the companies, and in most of the cases, certificates have been taken for the stock held by the State. In the others, they will be early called for and procured. There are still outstanding, the following exchange warrants, for which, with the interest, stock must be issued on presentation:

Zanesville and Maysville...	\$500 00
Portsmouth and Columbus	1,000 00
<hr/>	
Total.....	<u>\$1,500 0</u>

There are suits still pending against the Great Miami, and the Hamilton, Springfield and Carthage companies to recover, and secure the State dividends upon the stock, under the pledge of the original act, of the tolls to the interest fund.

There has been paid during the year, on the defalcation of Wilson Baker, late collector at Circleville, by his securities, thirteen hundred sixty three dollars forty eight cents; and there is still due eighteen hundred twenty three dollars twenty one cents, with interest and costs.

The securities of L. P. Buckley, late collector at Akron, have paid during the year four hundred twenty five dollars, leaving due three thousand five hundred sixty dollars fifty cents, of the principal. The payment has not been made this year, in full, in accordance with the special act extending time to the securities in this case. In both cases the amount is in judgment, and the State is amply secured.

There has been paid back from the several counties, during the year, fifty eight thousand five hundred twenty three dollars sixty six cents of principal of Surplus Revenue, which has been appropriated to the redemption of Ohio Domestic Turnpike Bonds. The payments this winter will probably amount to sixty thousand dollars, which will be appropriated in the same manner.

The following is the condition of the domestic stock as it existed on the 15th November, 1844.

The sales of Wabash and Erie lands will, most probably, sink the remaining portion of the bonds issued on that work, by the first of March, next; and the Miami Extension lands are gradually sinking the bonds which are based upon them. Of the Wabash and Erie land fund there will be an excess, after the redemption of the bonds, which should in justice go to the sinking fund, for investment in the State stock. There is an account between the General Government and the State for lands sold by the former, (belonging to the latter,) under the treaty with the Ottawa Indians, upon which a payment was made last year, and which is in progress of final adjustment.

There was a discrepancy last year in relation to the debt of the State, between my own and the report of the Fund Commissioners. The books of the Fund Board are not yet closed, but from the most reliable sources I have compiled the following statement of the debt, as it will exist on the first of January next, which will probably be found accurate:
